**Project Title:** Science and Technology Action Team

**Focus Area:** ONR Naval Fleet/Force Technology Innovation Office (NFFTIO)

**Project Summary:** Members support the new requirement to stand up and man the STAT watch center at ONR. STAT objective was established after 9-11 to provide a robust connection between the Naval Research Science Advisors (NRSAs) and the broader Navy Research Enterprise. Goal is to get the right S&T subject matter expert(s) in contact with the NRSAs within 24 hours of initial request.

**Accomplishments:**

**1<sup>st</sup> QTR:**

CAPT [.....] (17 days) screened, helped interview and wrote the mobilization message for the 12 Program 38 members initially recalled to ONR/NRL. He also initiated the work to finalize specifications for the permanent STAT, including requirements for IT, Physical Security, COMSEC, furniture and display equipment. CDR [.....] (15 days) programmed the improvements to the STAT collaboration software. CAPT [.....] (17 days), CAPT [.....] (15 days) and CAPT [.....] (15 days) were STAT watch standers.
